Mr. Leet called the Board of Supervisors meeting of the Harmony Community Development District to order at 6:00 p.m. Roll call was taken, and quorum was established.

Public Comment Period

A resident noted their concerns regarding the methodology. They cited Florida Statutes Chapter 190; District fees cannot be arbitrary or capricious.

A resident noted their concerns with fairness and proportionality with the assessments. They would like a full review of the methodology and provide a written explanation of the increase.

A resident commented on the parking signs by the lakes and speeding humps. They also noted the need for tree trimming on Five Oaks.

A resident expressed concern with replacing the electric chargers over prioritizing other items. They also noted concerns with allowing outside vendors to play on the soccer fields in their current condition. They expressed concerns with renting community resources/spaces and the kids in the community are unable to

use them after school. They suggested considering volunteer insurance or a waiver. They suggested looking into the costs of a new playground and not patching an end-of-life playground.

Consideration of the Meeting Minutes of the September 24, 2026, Board of Supervisors' Meeting

The Board reviewed the minutes.

On MOTION by Mr. Leet, seconded by Ms. Coronel, with all in favor, the Board of Supervisors for the Harmony Community Development District approved the Meeting Minutes of the September 24, 2026, Board of Supervisors' Meeting.

SECOND ORDER OF BUSINESS

Business Matters

Discussion Items:

1. **EV Charging Station Removal/Relocation**
2. **Orlando United Soccer Program**
3. **Su Mesa Café**
4. **Wipe my Bin LLC – Halloween Event**
5. **Facility Maintenance Building Permit**

Ms. Mullins noted that she has not heard back from OUC regarding the EV charging station data that was requested.

Mr. Firth reviewed the request from Orlando United Soccer Program. He noted this would be a 12-week Harmony Community Soccer and Scholarship Program using one District field two times a week. He noted that Eagle Creek Soccer Academy currently utilizes the field two times per week.

Ms. Coronel suggested holding off given the current condition of the fields.

Ms. Coronel noted that Su Mesa Café reached out about possibly hosting Board meetings again.

Ms. Mullins noted the difficulties encountered at previous meetings.

The Board briefly discussed the meeting space.

Mr. Firth noted that two Harmony residents own a garbage can cleaning business and would like to host a Halloween event while promoting their business. Mr. Firth asked if this would be considered a special event or a normal rental. He noted that this is only for advertisement and they would not be selling anything.

The Board briefly discussed the event and the location and agreed this would be a normal resident rental.

The Board suggested the event be hosted at the Buck Lake parking lot.

Ms. Mullins asked the Board for directions on how to proceed with the building permit due to not having an Engineer.

The Board agreed to hold off.

Consideration of Resolution 2027-01, Surplus Property Resolution

Mr. Eckert reviewed the Resolution with the Board and guidelines for proper disposal of District property.

On MOTION by Mr. Leet, seconded by Ms. Coronel, with all in favor, the Board of Supervisors for the Harmony Community Development District approved Resolution 2027-01, Surplus Property Resolution.

Ms. Mullins asked the Board if they wanted to list the items for sale or dispose of in the trash. The Board agreed to trash the items.

Consideration of Establishment of the Assessment Methodology Advisory Committee

Mr. Leet noted the request to establish an advisory committee for the assessment methodology.

Ms. Mullins noted the fees to attend each meeting: District Management - $1,200, FA attendance - $2,500 per meeting, District Counsel - $1,000 - $1,750 per meeting and to review.

Ms. Coronel noted that she is in favor of an advisory committee but does not believe there should be a formal board established by the CDD due to the cost. She stated the methodology can be discussed during a workshop.

There was brief discussion amongst the Board regarding the committee.

Ms. Coronel wanted to know if this could be discussed with residents off record. Mr. Eckert reviewed the Sunshine Law and its parameters with the Board members.

Consideration of Volunteer Insurance

Ms. Coronel noted the volunteer insurance was for the garden club to utilize certain equipment; however, the risk is too great.

Mr. Eckert requested confirmation if the District decided not to require volunteer insurance or if they are not allowing the garden club to use the tractor.

Ms. Coronel confirmed the garden club will not be able to utilize the tractor.

Ratification of Payment Authorizations Nos. 049 – 051

Ms. Mullins noted these items have already been approved and paid for and just need ratification by the Board.

On MOTION by Mr. Leet, seconded by Ms. Coronel with all in favor, the Board of Supervisors for the Harmony Community Development District ratified Payment Authorizations Nos. 049 – 051.

Review of the District Financial Position and Budget to Actual

Ms. Mullins noted that as of the end of September, the District has spent 107% of their Budget.

Mr. Leet inquired about the overruns.

Ms. Griffith reviewed the report with the Board and discussed the overruns. She noted there are outstanding invoices for sidewalks. She also noted an increase in utilities, landscaping and equipment repairs.

Mr. Lomasney noted the main lines run parallel with the oak trees and there will be continued repairs due to roots.

There was brief discussion between Board members and Mr. Lomasney regarding main line breaks.

Ms. Mullins noted the work authorizations are for items that have already been repaired.

On MOTION by Mr. Leet, seconded by Ms. Williams, with all in favor, the Board of Supervisors for the Harmony Community Development District ratified Work Authorization #246260 2" Main Line Repair for $997.71, Work Authorization #246268 4" Mainline Repair for $1,697.23, Work Authorization #250136 Clock Replacement #13 and #15 for $2,366.17 and Work Authorization #250254 2" Valve Track Locate & Repair Clock 7 Zone 15 for $987.79.

Consideration of Proposals from ULS:

Mr. Lomasney discussed the current mainline repair completion.

There were no new proposals for consideration at this time.

Discussion Regarding Landscape Items

Mr. Lomasney noted that due to the rain, there are areas of oversaturation that he cannot maintain until the area dries out. He noted additional maintenance areas they are tending to as the seasons change.

FOURTH ORDER OF BUSINESS **Berman Field Management**

Consideration of Playground Deck and Stair Proposal from Creative Recreation Products in an amount totaling $7,250

Mr. Philbeck reviewed the proposal with the Board. He noted this was for the Middlebrook playground, and he does not think a new playground is necessary. He stated the playground must stay closed until it is repaired.

Ms. Coronel noted her concerns about only receiving one bid and would like to see additional proposals.

There was brief discussion regarding several issues receiving proposals from additional vendors.

The Board agreed to wait one week for additional quotes and approve the repair in an amount not to exceed $7,250.

On MOTION by Ms. Coronel, seconded by Mr. Leet, the Board of Supervisors for the Harmony Community Development District approved Playground Deck and Stair Proposal from Creative Recreation Products in an amount not to exceed $7,250, given more suitable proposals are not obtained in one week.

Consideration of Swim Club Wading Pool Motor Repair Proposal from Spies in an amount totaling $1,125

Mr. Philbeck noted this repair was needed due to a lightning strike.

There was brief discussion regarding previous repairs and issues with Spies.

Ms. Coronel expressed concerns that this repair was in an area not used often.

The Board agreed to table this discussion.

Consideration of Swim Club Bathroom Urinal Replacement Proposal from K&R Plumbing in an amount totaling $857.50

Mr. Philbeck noted the urinal is nonoperational and needs to be replaced.

There was brief discussion regarding usage and additional proposals.

The Board agreed to table this discussion.

Consideration of Backflow replacement and Testing Proposal from K&R Plumbing in an amount totaling $1,250

Mr. Philbeck noted the need for backflow replacement was due to a leak at the splash pad shower. The valve cannot be shut off completely because it also goes to the Buck Lake bathrooms.

This item was tabled.

Consideration of Buck Lake Restrooms Storm Drain Jetting Proposal from K&R Plumbing in an amount totaling $900

Mr. Philbeck noted that the storm drain has been flooded for a long time. He noted no company was able to guarantee that they could fix the issue of standing water without the storm drain maps. He noted he would not recommend moving forward with K&R.

This item was tabled.

Consideration of Basketball Hoop Replacement Proposals

a. Advantage Courts

b. Coastal Courts

Ms. Bartlett asked if insurance would cover the wear and tear of the basketball hoops.

Mr. Philbeck reviewed the dimensions with the board and the reason for the price differences.

Mr. Philbeck noted that the vendors were not confident they could install the old backboard onto new poles and that was the reason for the need for complete replacements.

Ms. Coronel requested to add lighting to the basketball court. Mr. Philbeck noted he would get proposals for that.

Ms. Coronel asked what the downtime for installation was.

The Board briefly discussed the installation timeline.

On MOTION by Mr. Leet, seconded by Ms. Williams, the Board of Supervisors for the Harmony Community Development District approved Basketball Hoop Replacement with Coastal Courts in an amount totaling $13,575, pending installation timeline.

Discussion Regarding Bass Boat Damage

Mr. Philbeck stated that he talked to the insurance adjuster, and they informed him that the repair would cost less than $1,000, which is the current deductible. He reached out to the insurance adjuster and asked for a marine mechanic to provide an additional estimate. He has yet to hear back.

Mr. Philbeck noted that there is not a boat ramp to be able to remove the bass boat and pontoon boat from the lake. He noted there is a steep and sandy ramp he could utilize but is not comfortable doing so. He noted that he reached out to a resident who has a 20-foot pontoon boat on her part of the canal. Mr. Philbeck noted that the resident, who is a Board member for Harmony West, stated that she and her neighbor would be interested in purchasing the boats without the need to remove them from the lake.

There was brief Board discussion on if that was allowed.

Mr. Philbeck asked Mr. Eckert if he was allowed to negotiate a price.

Mr. Eckert noted that he would suggest no further discussion until there is a motion.

Consideration of Estates Storm Drainage Cleaning Proposals

a. **Shenandoah**
b. **Your Environment's Solution**

Mr. Philbeck reviewed the proposals with the Board.

Mr. Philbeck noted that per Shenandoah, most of the drains are backed up. They proposed to drain from 7191 Oak Glenn to the retention ponds.

Ms. Coronel asked what continued maintenance looks like once the storm drains are repaired.

This item was tabled.

Mr. Philbeck noted that all the playgrounds are lacking mulch, and it is needed for insurance purposes. He reviewed two proposals with the Board. He requested a motion to proceed in an amount not to exceed $48,000.

There was brief discussion regarding the mulching process and the last time the playgrounds were mulched.

Ms. Mullins suggested quarterly mulching as routine maintenance.

On MOTION by Ms. Williams, seconded by Mr. Leet, the Board of Supervisors for the Harmony Community Development District approved purchasing and installing mulch for the playgrounds in an amount not to exceed $48,000.

Berman Staffing Update

Mr. Davenport announced Mr. Daniel Wilson as the new General Manager for the District.

There was discussion regarding the current staffing plan for Berman, and what changes are being made.

Ms. Coronel asked clarifying questions regarding Ms. Sharenow's email to the Board.

Ms. Mullins noted the need to table further discussion and wait for a formal response when Ms. Sharenow returns from being out of office.

FIFTH ORDER OF BUSINESS **Staff Reports**

District Counsel – Mr. Eckert noted that as of January 1, 2027, he will be stepping away from any District that meets in the evening. Ms. Kirsten Mood will be replacing him. He noted there will be a decrease in the hourly rate.

District Engineer - No District Engineer at this time.

District Manager – Ms. Mullins provided an update on Christmas lights. She noted the request to install a GFI switch.

Mr. Philbeck noted that the outlet is needed to not overload the outlets currently installed.

Ms. Mullins noted an estimate of $2,500 - $3,000 for installation.

Ms. Mullins noted the next meeting is scheduled for November 19, 2026, and there will be two new board members.

Supervisor Requests and Audience Comments

Ms. Coronel noted that she spoke to the resident whose dog was injured at the dog park. The resident is willing to accept $200.

Mr. Leet noted that with construction going on near the school, the parking in the grass area on District property has increased and suggested no parking signs to be installed.

Ms. Mullins asked Mr. Eckert if towing was allowed or if a no parking sign was needed.

Mr. Eckert stated that signage is typical and would like to review the map for further clarification.

Ms. Coronel stated that the indication from the county is that signage is needed to be able to enforce towing.

Ms. Coronel noted there have been two previous conversations regarding the new townhouses and the responsibility of the alleyway. She stated that she does not believe the District should take on the alleyway due to continued maintenance costs.

Mr. Leet noted the 45-day wait period is up and he has not heard from the county regarding the speed study. He will follow up.

Ms. Coronel noted that residents at the last meeting inquired if the commercial property in the neighborhood is subject to District fees. She confirmed with Ms. Mullins that all commercial property in the District pay District fees.

There was continued discussion regarding the alleyways. Mr. Eckert noted that the Board gave the Developer a preliminary indication that the District would be consistent in taking ownership of the alleyways unless there is justified reasoning to not take ownership. Mr. Eckert suggested working on the assessment process before further planning on the alleyways.

Adjournment

On MOTION by Mr. Leet, seconded by Ms. Williams, with all in favor, the Board of Supervisors for the Harmony Community Development District adjourned the October 15, 2026, Board of Supervisors Meeting.

Secretary / Assistant Secretary Chairperson / Vice Chairperson

Topic: Request for Review and Reapportionment of Estates CDD Assessments

Presented and Submitted to the Board President at the October 15 2027 CDD Board Meeting

Good evening Supervisors, Staff, and fellow residents. My name is Joseph Janeczek,7159 Oak Glen Trail and I'm here speaking on behalf of homeowners in the Harmony Estates neighborhood.

Tonight, I want to address a serious and longstanding issue regarding the **fairness and proportionality** of the CDD assessments applied to Estates (and possibly others) homeowners.

1. The Assessment Disparity Is Extreme and Documented

For Fiscal Year 2027:

- **Estates homeowners are assessed $4,014.41 per parcel.**
- **Ashley Park homeowners are assessed $785.24 per parcel.**

This means Estates residents pay **5.11 times more** than some other Harmony neighborhoods.

This is not a small difference. This is not a rounding issue. This is a structural disparity that has persisted for years.

2. The Disparity Is Not Supported by "Special Benefit"

Under Florida Statutes Chapters **190** and **170**, CDD assessments must be:

1. **Tied to a measurable special benefit**, and
2. **Fairly and reasonably apportioned** among properties receiving that benefit.

But in Harmony:

- Ashley Park pays the **lowest** assessment
- Yet Ashley Park receives **additional CDD-funded maintenance** — specifically, **alleyway maintenance and possibly others.**
- Estates homeowners pay **the highest** assessment
- Yet Estates receive **no additional CDD-funded improvements or services**

This is the opposite of proportional benefit.

3. The Current Assessment Structure Appears Arbitrary

We have reviewed:

- The FY27 assessment schedule
- The neighborhood-by-neighborhood allocation
- The maintenance responsibilities across Harmony

There is **no visible engineering justification** for a 5× multiplier on Estates parcels.

If such justification exists, we respectfully request that it be presented publicly.

If it does not exist, then the current assessment structure is **not compliant** with Florida's apportionment requirements.

4. What We Are Asking for Tonight

We are not here to argue. We are not here to accuse. We are here to request **transparency, fairness, and statutory compliance**.

Specifically, we ask the Board to take the following actions:

A. Initiate a full review of the assessment methodology

Including the Engineer's Report, benefit-unit calculations, and cost allocation tables.

B. Provide a written explanation of the 5× assessment disparity

Including any engineering or historical basis for the multiplier.

C. Commission an updated Engineer's Report if necessary

If the current report does not justify the disparity, a new report is required under Florida law.

D. Reapportion assessments to ensure fairness and compliance

We are asking for a structure where assessments match actual benefit — not neighborhood labels or legacy formulas.

5. Estates Homeowners Are Asking for Equal Treatment

We are not asking for special treatment. We are asking for **equal treatment.**

If Ashley Park receives CDD-maintained alleyways, that is a benefit. If Estates pay 5× more, there must be a benefit. Right now, the benefit is not there.

6. We Want to Work With the Board

We are committed to working collaboratively with the Board, the District Manager, and the Engineer.

Our goal is simple:

A fair, transparent, and legally compliant assessment structure for all Harmony residents.

We believe this Board has the ability — and the responsibility — to correct this disparity.

7. Closing Statement

Thank you for your time, your attention, and your service to the community.

We respectfully request that this issue be placed on the agenda for formal review at the next CDD meeting and that the Board provide a timeline for addressing the assessment inequity affecting Harmony Estates homeowners.

Thank you.

I am handing a copy of this to the Board President and ask that it be made part of the minutes records for this meeting.

Good Morning Mike,

Thank you for speaking with me this morning. Per our conversation, the Harmony Community Development District is being asked by Orange County to remove the charging stations due to site distance issues. Attached you will find photographs of the serial numbers for your use. Please advise on how NovaCHARGE can assist with the removal of the charging stations.

Thank you again for your assistance with this matter.

Good afternoon, Eva!

Thank you for providing the below, and the direction I received from the Board Chair can be found below on where to relocate these chargers:

"Two ideas. The closest move would be along the East or West sides of the square, closer to the middle where intersections wouldn't be impacted. Those are existing parking spaces adjacent to CDD property, so it should just involve the cost of the move.

Thinking about it some more, I think the better approach would be to relocate it to the Ashley Park pool parking spaces. The Ashley Park HOA does own the property around ours, but the property the chargers would be installed on is ours. The chargers would almost certainly see more use in this location, but it would come at the cost of available pool parking spaces."

Let me know if there is power circulating in the areas mentioned above for relocation, or if any further information is required on our part. Thank you!

Good afternoon Blake,

Do they have a preferred location in mind? Can you provide a couple of locations that would allow me to assess the area to determine the power point of connection?

Orlando United Soccer Program

Harmony Community Soccer and Scholarship Program Proposal

Orlando United SC
Submitted to the Harmony CDD Board of Supervisors
Prepared October 5, 2026 for consideration at the October 15, 2026 meeting

Request to the Board

We request permission to develop a 12-week Orlando United SC Harmony Community Soccer and Scholarship Program using one District soccer field or suitable multipurpose grass area for two weekly sessions. We ask the Board to direct staff to review availability and prepare written terms for a pilot, including any approvals needed for recurring organized use and collection of program fees.

Our goal is to give children ages 6 to 13 a local opportunity to learn soccer, build confidence, and participate regardless of financial barriers. We propose priority enrollment for District residents, subject to CDD access rules, with full and partial tuition scholarships administered by Orlando United.

Pilot element	Proposed scope
Duration	12 weeks after written approval and completion of launch requirements
Participation	Target 20 children ages 6 to 13; groups organized by age and ability
Field reservation	Two 2-hour blocks weekly, including setup and cleanup; 48 total hours
Instruction	75 minutes per session; daylight schedule unless lighting is approved
Scholarship target	4 full tuition awards and 4 awards covering 50% of tuition, subject to funding
District support requested	Scheduled field access; consideration of reduced fees; approved resident outreach

Organization and contact

Orlando United Sporting Club, Inc. is a Florida nonprofit corporation operating as Orlando United SC in the St. Cloud area. Our programs combine soccer instruction, physical activity, teamwork, leadership, and access through scholarships. We are affiliated with US Club Soccer. Juan Carlos Infante leads the program as President and Coach; he and our Treasurer have completed SafeSport training and US Club Soccer requirements, as reported in our organizational records.

Our federal 501(c)(3) application is pending, based on our latest status. We will provide current documentation and any IRS determination received before execution. This proposal does not represent federal exemption as approved.

Juan Carlos Infante | President and Program Lead
juan.infante@orlandounitedsc.com | contact@orlandounitedsc.com
https://orlandounitedsc.com

Program design and resident access

We propose a community development program with instruction adapted for beginners and developing players. Each session will include a warmup, ball control and passing exercises, age-appropriate games, and a short discussion of teamwork or sportsmanship. Friendly games may be considered later through separate approved reservations; the pilot does not depend on league or tournament participation.

We will work with District staff on an enrollment window giving eligible District families the first opportunity to register. Nearby children could fill remaining spaces only if permitted by the CDD. Residency verification, field access, and final capacity will follow the written agreement. Marketing will use the proposed program name only after approval and will identify Orlando United as the operator.

Scholarships and fair selection

Our Scholarship Policy Version 2.0 provides financial-need, merit-based, and combined awards. For this community pilot, financial need will be the primary focus. Ability to play soccer will not be a condition for a financial-need award. Merit awards may recognize effort, improvement, leadership, sportsmanship, attendance, and soccer performance under documented criteria.

At least two Board-designated individuals will review each request. Awards require written approval by the Board or an authorized delegate. Anyone with a conflict must disclose it and withdraw from the award decision. Families receive written terms identifying the child, covered costs, amount or percentage, dates, and participation conditions. Awards are not automatically renewed.

The proposed income approach uses household size and gross monthly household income, following our Exhibit A if formally adopted. Its suggested tuition tiers are 100%, 75%, and 50%, using internal benchmarks of 130%, 185%, and 200% of the applicable poverty guidelines. Documented hardships may justify exceptions. These are club criteria and do not establish eligibility for government benefits. Any later-year pilot will use the income schedule then approved by our Board.

Award	Illustrative monthly tuition waived	Family pays monthly
100%	$120	$0
75%	$90	$30
50%	$60	$60
No award	$0	$120

The $120 rate is a planning assumption for Harmony and requires separate club approval. Scholarships apply to tuition in this pilot illustration. Uniforms, registration, travel, and tournaments are covered only when expressly included in a written award. We will disclose all charges before enrollment.

Funding and privacy

We propose reserving funding for four full and four half-tuition awards before enrollment opens. Tuition from paying families, approved club resources, and confirmed sponsorships may support the awards. No sponsor or donation is represented as secured. Families submit income records directly to Orlando United; the CDD receives only aggregate program results and information necessary for facility administration.

Operations and participant protection

Before launch, we will identify the lead coach and assistant for each session, verify current screening and required training, and confirm that staffing can safely support the enrolled groups. Our plan is to have at least two approved adults present and divide players into supervised groups. Assistant volunteers will not begin duties until required checks and training are complete.

- Registration and supervision: Maintain parent consent, participation waivers, emergency contacts, attendance, and a documented pickup procedure. Apply our child protection, conduct, nondiscrimination, and anti-bullying policies.
- Emergency readiness: Complete a site-specific emergency plan covering EMS access, the approved shelter location, heat, lightning, injury response, and parent notification. Confirm first aid resources and staff qualifications before opening.
- Field care: Inspect the playing surface and any goals before use; secure portable goals as required; stop play for unsafe conditions; remove equipment and litter after every session. Make no field alterations without written permission.
- Insurance: Provide coverage, certificates, and endorsements required by the CDD before operations. Verify that coverage applies to this location and activity; club affiliation alone will not be treated as proof of insurance.

Responsibilities under the proposed agreement

Orlando United would manage enrollment, coaching, scholarship decisions, parent communications, staffing, equipment, approved charges, safety procedures, and cleanup. The club would pay agreed fees and deposits and address damage attributable to its use under the signed agreement. Juan Carlos Infante would serve as the primary contact for scheduling and concerns.

We ask the CDD to identify a suitable site and available recurring blocks, communicate field closures and access conditions, and approve any resident outreach. We request consideration of a fee reduction tied to the community scholarship benefit. District funding for coaches, uniforms, or scholarships is not requested in this pilot.

The published CDD rules provide for reserved sports facility use and case-by-case Board consideration of fee reductions. Final classification, scheduling, access, and charges require District confirmation. We will submit the facility application through the current CDD portal. [1-3]

Launch and review

Stage	Proposed action
Before launch	Confirm field, schedule, agreement, budget, scholarship funds, insurance, staffing, and emergency plan
Enrollment	Publish all fees; complete registrations; review scholarships; confirm resident priority and group capacity
Week 6	Provide staff an aggregate update on enrollment, resident participation, attendance, and operational issues
Within 30 days of completion	Report scholarship use, attendance, family feedback, costs, and any facility concerns; request renewal only after review

We propose tracking 20 enrolled children, 8 funded scholarship recipients, average attendance of at least 75%, and the share of participants who are District residents. These are pilot targets, not existing results. We will also record complaints, incidents, and corrective actions without publishing confidential child or family records.

Illustrative pilot budget

This planning model assumes 20 players and three monthly billing periods at $120, with four full and four 50% tuition awards. The 12-week program dates and billing periods must be aligned and disclosed before registration. All estimates require club approval and actual quotes; this is not a funding commitment.

Revenue and tuition assistance	Amount
Gross tuition value 20 × $120 × 3	$7,200
Four full awards 4 × $120 × 3	($1,440)
Four half awards 4 × $60 × 3	($720)
Expected family tuition collections	$5,040
Confirmed sponsorship assumed in model	$0

Estimated operating expenses	Amount
Coaching and session support allowance	$3,000
Field use 48 hours × published $5 rate	$240
Insurance allowance subject to quote	$350
Equipment and first aid supplies	$450
Registration administration and outreach	$300
Contingency	$200
Total estimated expenses	$4,540
Estimated balance after expenses	$500

The published organization form lists $5 per hour for soccer facilities and a $250 damage deposit for events with 10 or more attendees. Applicability to recurring use, deposit frequency, and additional charges must be confirmed. [2] A single refundable $250 deposit would require cash in addition to the expense budget; it is not included as an expense.

The $2,160 scholarship figure is waived tuition already deducted from revenue, not a second expense. Fewer paying players, extra deposits, or higher insurance and staffing costs could eliminate the projected balance. Before launch, we will confirm a funded budget and any cash needed before tuition is collected. Awards will not depend on unconfirmed future donations.

Good morning, Sergio!

Thank you for speaking with me this morning. I just wanted to provide the next steps in regard to your reservation request for the Harmony CDD Town Square.

First, this event will have to be approved by the Harmony CDD Board of Supervisors at a scheduled meeting. Our next meeting is scheduled for November 19, 2026, at 6:00 p.m. at the LaBellaRose Ballroom at 7251 Five Oaks Drive, Harmony, FL 34773. Please provide me the insurance documentation for your organization, and any other supporting documentation you would like the Board to have when they are making their decision.

Next, pending approval from the Board, there are a number of fees associated with this request. As a Non-Resident, the guidelines for your use of Harmony CDD facilities are laid out in the Harmony CDD Rules & Policies adopted in 2019, which will require a $1,000.00 annual fee for each year you wish to hold your event:

- ***4.1*** A person who is not a Resident of Harmony may purchase a Membership in the District, and thereby gain Resident level access to all District Facilities, by making an annual payment of $1,000 for a family of four, and $250.00 for each additional person. This fee amount is intended to be equivalent to the non-ad valorem assessments paid by District property owners for similar annual use of District Facilities.

There are two other fees associated with Special Events within the Harmony CDD. One being a $250.00 security deposit that is refundable pending that no District property was damaged, and the other being $5.00 per hour for every hour of use of the Soccer Field.

- ***9.8.1*** For each Event with ten (10) or more attendees, the District shall collect from the Event Organizer a security deposit of $250.00 at the time the Organizer schedules the Event with the District Manager.
- ***9.8.2*** At the conclusion of the Event, and upon inspection, the District shall either (1) return the damage deposit to the Event Organizer if there is no damage to District property or (2) charge the Event Organizer for any damage to District property and apply the security deposit to the charge.
- ***9.8.3*** If damage to the District property is less than the security deposit, the excess amount from the deposit shall be returned to the Event Organizer. If damage to District property exceeds the security deposit, the Event Organizer shall be charged for the excess property damage. All damage charges must be paid to the District no later than fifteen (15) days after invoice date.

TABULAR SCHEDULE OF FEES

SPECIAL EVENT

{Reserved Use of Recreation Facilities}

(1) Soccer/Volleyball/Basketball (“SVB”) Fields & Courts: $5 per hour

(2) Swim Club and Ashley Park Pools Reserved Patio Areas: $100 for up to four (4) hours maximum

(3) Buck Lake Pavilion: $60 for up to four (4) hours maximum

(4) Buck Lake Fishing Piers: $40 for up to two (2) hours maximum

(5) Town Square: $250 for up to six (6) hours maximum

These options will be discussed at the upcoming Board meeting, and you are more than welcome to attend in order to answer any questions that the Board may have of you regarding your specific event. Since you have already completed the Facility Usage Application form, you will not have to resubmit that.

Thank you! Let me know if you have any questions or concerns.

Lynne,

See attached. This was adopted before my time. I suggest that the Board update this resolution and agreement to include other areas in the community where there are parking concerns (exclusive of public right-of-way). Please include as an agenda item.

CDDs may exercise all the powers, necessary, convenient, incidental or proper in connection with any of the powers, duties or purposes authorized by Chapter 190, Florida Statutes. §190.011(15), Florida Statutes (2025). By statutory grant, CDDs have the power to construct parks and facilities for indoor and outdoor recreational cultural and educational uses. §190.012(2)(a), Florida Statutes (2025). Therefore, it is reasonable that a CDD may exercise powers necessary and convenient to maintaining property and preventing damage. I believe this would include creating rules prohibiting parking in these areas.

CDDs have express authority to tow vehicles and vessels from CDD-owned facilities and property. Section 190.012(2)(d), Florida Statutes (2025), provides that a CDD is not prohibited from contracting with a towing operator to remove a vehicle or vessel from a CDD-owned facility or property if the CDD follows the authorization and notice and procedural requirements in Section 715.07, Florida Statutes. Notice requirements include either personal notice or:

- The notice must be prominently placed at each driveway access or curb cut allowing vehicular access to the property within 10 feet from the road, as defined in Section 334.03(22), Florida Statutes. If there are no curbs or access barriers, the signs must be posted not fewer than one sign for each 25 feet of lot frontage.

- The notice must clearly indicate, in not fewer than 2-inch high, light-reflective letters on a contrasting background, that unauthorized vehicles will be towed away at the owner's expense. The words "tow-away zone" must be included on the sign in not fewer than 4-inch high letters.

- The notice must also provide the name and current telephone number of the person or firm towing or removing the vehicles or vessels.

- The sign structure containing the required notices must be permanently installed with the words "tow-away zone" not fewer than 3 feet and not more than 6 feet above ground level and must be

continuously maintained on the property for not fewer than 24 hours before the towing or removal of any vehicles or vessels.

There are additional requirements as to the location of the towing business with which the CDD contracts.

Let me know if you want to discuss further. Thanks.

Mike

2. Contractor agrees that nothing herein shall constitute or be construed as a waiver of the District's limitations on liability contained in Section 768.28, Florida Statutes, or other statute.

SECTION XI: AUTHORIZATION

The execution of this Agreement has been authorized duly by the appropriate body or official of the District and the Contractor, both the District and the Contractor have complied with all the requirements of law, and both the District and the Contractor have full power and authority to comply with the terms and provisions of this instrument.

SECTION XIX: ENFORCEMENT OF AGREEMENT

In the event that either the District or the Contractor is required to enforce this Agreement by court proceedings or otherwise, then the prevailing party shall be entitled to recover all fees and costs incurred, including reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.

SECTION XX: COUNTERPARTS

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

OPERATION & MAINTENANCE ASSESSMENT METHODOLOGY REPORT
FOR HARMONY COMMUNITY DEVELOPMENT DISTRICT
FISCAL YEAR 2026-2027

June 11, 2026

1.0 Introduction

1.1 District Overview

The Harmony Community Development District ("Harmony" or "District") was established on February 28, 2000. The lands that are encompassed by the District are located in Osceola County, FL and consists of approximately 1,023+/- acres. The geographical boundary of the District when fully developed will be comprised of residential and commercial properties along with public and conservation areas.

The District has installed its capital improvement plan ("CIP") for the development planned within the District. The District currently provides for the operation and maintenance ("O&M") of certain capital improvements. These O&M expenses are funded via the collection of annual non-ad valorem special assessments. As the District's O&M responsibilities vary over time, the District's O&M expenses may vary on an annual basis to meet the District's needs. This Operation and Maintenance Expense Assessment Methodology Report ("O&M Methodology Report") provides a methodology to allocate the annual O&M expenses among the lands and development within the District that receive a special benefit from operation and maintenance activities undertaken by the District.

The methodology described herein allocates the District's annual O&M expenses to properties based upon the benefits each receives from the operation and maintenance activities. This report is designed to conform to the requirements of Chapters 190 and 170, F.S. with respect to special assessments and is consistent with PFM Financial Advisors LLC ("PFMFA" or "Assessment Consultant") understanding of Florida law on this subject.

1.2 Budget Overview

The Board of Supervisors ("Board") is in the process of reviewing and approving its Proposed Budget for Fiscal Year 2027 ("2026-2027 O&M Budget"). The lands within the District have undergone and are undergoing development with the intent of developing a mix of residential and commercial uses. It is appropriate for the District to determine the methodology for both its current O&M operations as well as outline the methodology regarding O&M expenses associated with the forecasted development within the District. This O&M Methodology Report is associated with the 2026-2027 O&M Budget; however, the methodology utilized herein can serve as a basis for allocation of future years operations and maintenance assessments to the extent the assumptions herein remain unchanged.

This O&M Methodology Report contains the recommended O&M assessment methodology ("O&M Methodology") to be used for allocating the District's Fiscal Year 2026-2027 O&M Budget, also, for the allocation of O&M assessments in future years. Table 1 summarizes the 2026-2027 O&M Budget on a net basis as well as on a gross basis. The estimated gross assessment is based on the proposed 2026-2027 O&M Budget, and it includes a 6% gross up for an allowance for early payment of assessments and collection fees from the Tax Collector and Osceola County Property Appraiser.

(1) Gross assessments represent the assessment placed on the County tax roll each year, if the District elects to use the Uniform Method of collecting non-ad valorem assessments authorized by Chapter 197 of the Florida Statutes. Gross assessments include a 6.0% gross-up to account for the fees of the County Property Appraiser and Tax Collector and the statutory early payment discount.

1.3 Requirements of a Valid Assessment Methodology

In PFMFA's experience, there are two primary requirements for special assessments to be valid under Florida law. First, the properties assessed must receive a special benefit from the improvements paid for via the assessments. Second, the assessments must be fairly and reasonably allocated to the properties being assessed. If these two characteristics of valid special assessments are adhered to, Florida law provides some latitude to legislative bodies, such as the District's Board of Supervisors, in approving special assessments. Indeed, Florida courts have found that the mathematical perfection of calculating special benefit is likely impossible. Based on historical precedent, only if the District's Board was to act in an arbitrary, capricious, or grossly unfair fashion would its assessment methods be overturned.

2.0 Assessment Methodology

2.1 Overview

The assessment methodology is a process by which the District will allocate the costs associated with its O&M activities to properties in the District benefiting from the activities. The allocation is based upon the benefits that each property receives.

2.2 District Development Status

The District is nearly fully built out. is undergoing development and is expected to be in the development process for the foreseeable future as remaining lands are developed. Table 2 summarizes the development plan provided (as of 2021). Map 1 provides the District by development area and Map 2 provides additional District development detail. Note that these development volumes are subject to change based on marked demand and specific existing development volumes.

2.3 Allocation of Annual O&M Budget (Historical)

Historically and currently, the District's O&M expenses have been allocated consistent with the District's debt service methodology. The allocation of District O&M expenses using a methodology consistent with the debt service methodology is a widely accepted methodology. As part of discussion by the District's board, O&M assessments between and among neighborhoods and units resulted in varying assessment levels for units of the same lot front foot.

2.4 Allocation of Annual O&M Budget (for Fiscal Year 2027 and Future Years)

As the District has matured and evolved, the District's O&M expenses have evolved. At the direction of the Board, PFMFA was asked to evaluate alternative O&M allocations which would result in a consistent allocation of O&M assessments for units with similar lot widths. The District is a collection of residential neighborhoods, primarily residential development of various lot sizes (lot widths), a golf course, commercial development and vacant acres for commercial and or residential development. Given the current development mix, PFMFA recommends the allocation of O&M assessments on an equivalent residential unit ("ERU") basis.

With respect to residential development, a residential unit with a lot width of 50' is equal to one (1) ERU with a lot width of 40' having an ERU value of 0.8 (40 / 50), with the same application to the mix of residential lot widths as currently identified (and estimated) within the District. With respect to non-residential development, non-residential development is converted to ERUs with every 1,500 square feet of the non-residential space equal to one (1) ERU, which is based on the estimated average size of the residential units within the District. Any undeveloped acres remaining in the District but subject to future development are subject to O&M assessments with one (1) acre equal to four (4) ERUs, which is based on the average District residential density of four (4) units to the acre.

In allocating special assessments to benefiting property, Florida governments have used a variety of methods including, but not limited to, front footage, area, trip rates, ERU, dwelling units, and acreage. These ERU values equate the benefit received by a stated amount of such particular land use category to the benefit received by a typical single-family residence. The use of ERU values to estimate the benefit derived from infrastructure improvements is recognized as a simple, fair, and reasonable method for apportioning benefit. The Florida Supreme Court concluded that the ERU method was a valid methodology in its decision in Winter Springs v. State.[1] In addition, the ERU methodology is widely used in other similar CDDs.

Good Afternoon,
We apologize for the delayed response. When we initially received the request for traffic calming on Five Oaks Drive, we were short on funds due to other high-priority data collection scheduled at that time. We then had to wait for our vendor's task authorization approval, which we received less than two weeks ago.
We have already requested a 24-hour data collection study at two locations on Five Oaks Drive. Once we receive and review these reports, we will evaluate whether the data warrants the installation of traffic calming devices on Five Oaks Drive.
Thank you for your patience and understanding.

Kind regards,
Henry Salinas

Summary

The revised budget raises total spending by $138,619.63 (4.9%), from $2,828,651.00 to $2,967,270.63. It is paid for by $33,788.12 more assessment revenue and $104,831.51 of interest income that was never budgeted.

In plain terms:

- Almost every line was reset to what was actually spent through 9/30/2026. Two lines were set by judgment: District Counsel and Transfer to Reserve.
- Day-to-day operating costs are up $341,223.79 (13.4%). The largest drivers are Water-Sewer (+$119,982), Sidewalk Panel Repair (+$72,551) and Pond Maintenance (+$59,400).
- Most of that increase is absorbed by cutting the Transfer to Reserve from $280,000.00 to $77,395.84 (−$202,604.16).

Revenue: +$33,788.12

Revenue rose mainly because early-payment discounts and collection commissions came in $24,354.35 below the amount budgeted, and assessments billed ran $7,243.83 above budget.

How the budget balances

The revised budget is a true-up to actuals, and the Transfer to Reserve is the balancing line: whatever surplus remains after actual spending goes to reserves.

Step	Amount
Actual revenue plus interest through 9/30/2026	$2,967,270.63
Actual expenditures through 9/30/2026	$2,889,760.67
Surplus before the two judgment lines	**$77,509.96**
District Counsel rounded up to $69,000 (actual $68,885.88)	($114.12)
Revised Transfer to Reserve	($77,395.84)
Remaining	**$0.00**

The original budget planned a $280,000.00 transfer, so the reserve contribution drops by $202,604.16 to pay for the overruns above.

Item to note:

- **Reserve interest in operating income.** About $58,400 of the $104,831.51 interest was earned on reserve account #3607 but is booked to operating interest income. It directly funds the revised budget.
- **Repair & Maintenance – Equipment.** About $38,695.10 of the $50,009.43 was paid to repair or replace pool equipment and splash pad (pumps, filters grid, heater, valves, etc).
